PENDLETON PROOF.

Should convince Every Pendleton Reader.

The frank statement of a neighbor, telling the merits of a remedy, bids you pause and believe. The same endorsement. By some stranger far away Commands no belief at all. Here's a Pendleton case. A Pendleton citizen testifies. Read and be convinced. C. E. Straub, 520 Thompson St. Pendleton, says: "I never hesitate to recommend Doan's Kidney Pills to any one I hear complaining of their back. Once in a while, I get a dull ache across the small of my back. When I stop over, it is hard for me to straighten up. Whenever I feel this trouble coming on, I take Doan's Kidney Pills for a few days and they never fail to put my back and kidneys in good condition."

CATTLE ARE IN GOOD DEMAND

PORTLAND, Ore., Sept. 21.—Cosa Bay is securing some immediate results of the recent opening of the railroad. Eight carloads of livestock came forward from there during the day, and some rather good quality was shown. The hog market is again erratic, having turned strong with sales around \$9.65@9.75 for top stuff, and demand apparently good at the moment. 19 WINDJAMMERS ON WAY TO GRAYS HARBOR
Largest Fleet En Route Since 1912—Volume of Business to Be Handled Is Extremely Large.
ABERDEEN, Wash., Sept. 21.—Inbound to Grays Harbor and Willapa harbor is a fleet of 19 windjammers, all chartered for October, November or December loading at mills on the Twin harbors. This is the largest fleet of sailing vessels en route to these parts at any one time since 1912 and the volume of offshore business to be handled on the two harbors in the coming three months promises to be the biggest for any three months period in the past four years. A few of the inbound ships will clear for the Hawaiian Islands, but the most of them will go to Australia, New Zealand and the west coast of South America, in all of which countries the demand for lumber is heavy. Added to these 19 windjammers foreign shipments will be a cargo of 1,500,000 feet of lumber to be carried by the auxiliary schooner Columbia river, which is to be launched at the Aberdeen shipyards next month. Four of the 19 will come to Grays Harbor for cargo. They are the Alert, 35 days out from Melbourne; Irene, 57 days out from Adelaide; King Cyrus, 15 days out from Fremantle and

DANCERS, WITH THEIR AUTO, STOP RUNAWAY, SAVING GIRL.

NEW YORK, Sept. 20.—By the use of their motor car, Maurice and Florence Walton, the dancers, stopped a runaway horse in the West drive, Central park, yesterday morning, thereby rescuing a hysterical young woman in the light wagon to which the runaway was harnessed. Florence Walton was driving the car at about Eighty ninth street when the horse dashed past. Mrs. Walton as she is known to the stage, speeded up the car, while Maurice got out on the running board. The car soon caught up to the runaway and Maurice reached out, seized the bridle, then dropped off and brought the horse to a standstill. The young woman in the carriage collapsed. Dr. E. M. Johnson of No. 24 East Forty-eighth street came along in his car and was reviving her when a young man came up. He said he was George Carey, gardener on an estate at Scarsdale, and the young woman was Miss Florence Bond, also of Scarsdale. The horse threw him out when it started to run in the park.

EUGENE, Ore., Sept. 21.—Buffalo Vernon, claiming distinction as the "world's champion bulldozer," and Tracey Lane, "the cowboy poet," staged a performance which was not scheduled as a part of the Lane county fair and in which an automobile replaced the bucking broncho. Both were thrown but neither was injured. Bert Rose, who was also in the car, was taken to the hospital where it was announced that he had not been seriously injured. The accident occurred on one of the principal streets of Eugene, when the car, according to statements made by Lane, who was at the steering gear, was traveling at a rate in excess of 50 miles an hour. All three men were pinned under the machine when it turned over and their escape from serious injury was regarded as miraculous by spectators. The automobile struck a curb when Lane attempted to turn it on to the sidewalk to avoid striking another machine. "My first impulse was to run right into it," he said. "Then I saw that the other fellow had a great big car. We had a little one. I took a chance on the curb."
